

IRIM Industry Partners Program Overview

Our Industry Partners Program allows members to explore opportunities for research collaborations, testing services, consulting relationships, student hiring, and other valuable interactions.

We invite you to join our Industry Partners Program, a membership that offers your company exclusive benefits tailored to meet your needs through two different membership tiers. Whether you join us at the Member or Partner level, your company will be invigorated and supported through our ongoing work as a consolidated group of robotics leaders.

MAJOR AREAS OF ROBOTICS RESEARCH

- ◆ Logistics
- ◆ Human-Centered Robotics
- ◆ Manufacturing & Agricultural
- ◆ Medical & Assistive

Member: \$10,000*

- ◆ Invitation to IRIM Research Showcase during the spring semester
- ◆ Additional opportunity to interact with students regarding the internships for the Robotics Master's program
- ◆ Ability to post job openings on the IRIM website
- ◆ Recognition of your support on IRIM's website
- ◆ Recognition opportunities with the Georgia Tech Robotics community as stated below for Partner
- ◆ Southeast Robotics Symposium opportunities
- ◆ Variable cost structure based on size of company

- ◆ *\$250/year for individual entrepreneurs
- ◆ *\$250/year for startups with 10 or fewer employees
- ◆ *\$500/year for companies with between 11 and 50 employees
- ◆ *\$2,500/year for companies with between 51 and 150 employees
- ◆ *\$5,000/year for companies with between 151 and 500 employees
- ◆ *\$10,000/year for larger companies

Partner: \$25,000

- ◆ Opportunity to present at an IRIM seminar or to a class on an IRIM's educational topic; topics and content for seminar and classes will be reviewed and approved in advance by the IRIM Director
- ◆ Invitation to join the IRIM Industrial Advisory Board which presents the current ongoing IRIM robotics research
- ◆ Recognition as a sponsor of select IRIM program(s)—to be decided in consultation with the Partner—such as:
 - ◆ SURE Robotics Program: 10-week summer research program to attract underrepresented & minority students to graduate school
 - ◆ IRIM Visiting Faculty Fellows Program & Distinguished Visiting Robotics Scholars Program
 - ◆ Robotics Outreach Programs: for example; Robotarium Tours & the National Robotics Week Open House
 - ◆ Robograds: The robotics graduate student organization
 - ◆ IRIM Robotics Seminar Series: technical lectures occurring twice per month
 - ◆ IRIM research recognition & faculty awards

Outstanding Junior Faculty Member
Outstanding Research Contribution
Outstanding Graduate Student
