How to Access the Pre-Proposal Review Form

To log into the Pre-Proposal Review form, go to the Smartsheet link, which then sends you to this login form with various options.

Choose "Sign in with Microsoft."

Then at the Microsoft login page, enter your campus userid followed by @gatech.edu – e.g., **gburdell3@gatech.edu**

If you have signed into Smartsheet before, you should get the Pre-Proposal Review screen as desired.

Pre-Proposal Review

Thank you for participating in this pilot program!

The Pre-Proposal Review is designed to streamline the proposal development process by proactively identifying security and compliance proposal considerations well in advance of the submission date. By addressing these elements early, proposal intent supports Principal Investigators and research administrative teams in submitting proposals more efficiently and on time.

Initial Screening Question

CLICK HERE for clarifying information on each topic

Do you anticipate and of the following concerns for your upcoming project:

- Controlled Unclassified Information
- Academic Research Security Plan
- Export Control
- Foreign or International Collaborations
